Karachi, Pakistan

Bahria College Karsaz

Intermediate (Pre-Engineering)

2018 – 2020

Karachi, Pakistan

Certifications

- **Responsive Web Design** – freeCodeCamp
- **JS Algorithms & Data Structures** – freeCodeCamp
- **UI/UX for Beginners** – Great Learning

Projects

Soft Tech Up | *React.js, TypeScript*

- Built a scalable web application using React.js and TypeScript for optimized performance and type safety.
- Implemented reusable components and state management for dynamic, interactive features.
- Enhanced maintainability and code quality through modular architecture.

Signer Store | *HTML, CSS, JavaScript, Bootstrap*

- Designed an e-commerce clothing brand website with a modern, visually appealing interface.
- Implemented product catalog, cart functionality, and order form for seamless purchases.
- Ensured fully responsive design providing a consistent user experience across all devices.

Bagvertise | *HTML, CSS, JavaScript*

- Developed a web platform concept transforming delivery bags into mobile billboards.
- Implemented interactive UI features and responsive design for optimal user experience.

Movie Search App | *HTML, CSS, JavaScript, Bootstrap*

- Created a dynamic movie search application fetching data from an external API.
- Implemented real-time search, responsive card layout, and interactive UI elements.

Weather Card App | *JavaScript, HTML, CSS*

- Built a lightweight weather dashboard displaying live data using a weather API.
- Implemented responsive cards and dynamic updates based on user location input.

Portfolio Website | *HTML, CSS, JavaScript, Bootstrap*

- Developed a responsive personal portfolio showcasing skills, projects, and certifications.
- Implemented interactive UI elements and smooth navigation for a modern user experience.

Technical Skills

Programming: HTML, CSS, JS, React, TS

Design: Responsive Web Design, UI/UX

Tools: Git, GitHub, Canva, VS Code

Soft Skills: Problem-Solving, Teamwork
